

GM Collin 4D Visible Lifting Cream & Serum

4D Visible Lifting Cream

Targeting sagging and loss of volume for visibly firmer and redefined skin, this luxurious face cream provides a reshaping effect for younger-looking, more radiant skin.

- Visibly improves skin elasticity and tone.
- Gives the skin an instant “lifted” appearance.
- Visibly reduces deep facial wrinkles.
- Provides the skin with a sculpted appearance.
- Strengthens and firms the skin by hydrating it.

4D Visible Lifting Serum

Specifically created and clinically proven to target the fragile skin of the neck and décolleté, and to visibly reduce the signs of premature aging of this delicate area.

- Improves the firmness and elasticity of the delicate skin of the neck and décolleté.
- Visibly smoothes horizontal lines on the neck.
- Helps to visibly and instantly redefine sagging skin.
- Reduces the appearance of wrinkles while improving skin texture.
- Pairs perfectly well with any other G.M. COLLIN cream.
